

...and so begins our 1993  
Christmas bedtime story.

This year our story takes place at **838 Old Dutchmill Road in Colorado Springs, CO 80907**. That's right, we've finally sold our old house and have moved to a wonderful new home that is not only larger, but closer to our church and to work. Our phone number has changed too, and is no longer listed. **The new number is (719) 599-5661. Please make a note of it.**

Our son Jonathan is now 10 years old and is having a super year in the fifth grade. When Jonathan is not participating in Cub Scout activities, he is playing with remote-controlled cars or collecting baseball cards. Our daughter, Jennifer, graduated from **Kindergarten** in May with a special award for the most improved student. When you see her, ask her to **read** you a story or show you something that she has learned in gymnastics.

Once every now and then you get one of those gifts that you wish you could get every year. Our gift this year was all of you who came and stayed for a visit. We had nine terrific gifts this year and wouldn't ask for anything less next year. **Hint! Hint!**

Even though it was a busy summer we managed to sneak in a weekend vacation to Denver where we caught a couple of **Colorado Rockies** games. You did get our postcard while we were gone, didn't you?

We have one more vacation yet to take this year. We plan to be in Illinois over the Christmas Holidays. So make plans now to drop by or give us a ring while we are home.

Jesus, Lord at Thy birth...and still Lord today.  
Take time this year to find out what it means to make Jesus the Lord of your life.

# Wishing you a Merry Christmas
